Integrity

At Cleveland Clinic Laboratories, we know that each test you send represents a patient who could be affected by the outcome. That's why our vision states:

We will provide the highest-quality laboratory testing and expert pathology diagnosis to patients institutionally, regionally and nationally.

We are committed to continuous quality improvement. Cleveland Clinic Laboratories is continuously evaluating and implementing the best practices in lab testing to ensure patients can **trust** in us for the best possible care.

Expertise

You won't have any trouble putting your **trust** in our staff of experts. Our pathologists and PhDs have attained leadership positions in the premier professional organizations in their fields, are welcomed as distinguished guest lecturers at respected conferences around the world, and publish extensively in leading medical journals.

Diagnoses are provided by subspecialty experts, and Cleveland Clinic Laboratories strongly believes that consultation with physicians is an important aspect of quality patient care.

Reputation

Cleveland Clinic is one of the world's largest, busiest healthcare centers. *U.S. News & World Report* consistently names Cleveland Clinic as one of the nation's best hospitals in its annual "America's Best Hospitals" survey. When you choose Cleveland Clinic Laboratories, you'll benefit from our strong reputation of consistently delivering world class care.

Cleveland Clinic Laboratories has been serving clients with the highest quality testing for nearly three decades. Clients across the nation **trust** in us for accurate, reliable, state-of-the art testing with rapid response.

Focus

Cleveland Clinic Laboratories is focused on our clients. We have a dedicated staff of more than 1,300 employees, including board-certified subspecialty pathologists, PhDs, technologists, technicians, and support personnel. They share one goal: to provide world class services and outstanding customer care to those who put their **trust** in us.

Cleveland Clinic Laboratories is here for you seven days a week, 24 hours a day, with tests performed on a defined production schedule to provide cost-effective access to a full range of laboratory services.

Innovation

Our pathologists and laboratory scientists are dedicated to keeping Cleveland Clinic Laboratories at the forefront of clinical laboratory medicine. You can **trust** we are continually researching and developing new tests and technology that will contribute to advancing the state of the art.

Cleveland Clinic Laboratories is continuously updating methodologies while integrating new test development. This extreme dedication to innovation gives our clients the most appropriate testing applications for their needs, while ensuring each patient receives the best possible care.

Cleveland Clinic Laboratories contributes to excellent patient care by providing comprehensive, high quality laboratory testing and patient-focused expert consultation. This mission is supported by innovative research and new test development, exceptional customer service, continuous quality improvement and leadership in education.
